**BPI® Ultrasonic 'C'™**

BPI® Ultrasonic "C"™ is a general cleaner for frames, lenses, and some jewelry. (Never place pearls or opals in any ultrasonic cleaner.) BPI® Ultrasonic "C"™ sequesters ionic residues and settles debris to the bottom of the tank. Dilute Ultrasonic "C"™ with water. It ships as a super-concentrate.

- BPI# 71200...Quart (946 ml)  
BPI# 71201...Pint (473 ml)

**BPI® Ultrasonic 'L'™**

BPI® Ultrasonic 'L' is an all purpose degreaser for fast clean-up of oil and grime. Dilute with water.

- BPI# 71300...Quart (946 ml)

**BPI® Ultrasonic 'R'™**

BPI® Ultrasonic 'R' has an acidic base, removes oxides from metals such as stainless steel, copper and bronze. Follow with BPI® Ultrasonic Rinse. Use full strength or dilute with water.

- BPI# 71100...Quart (946 ml)
